

# Syllables Worksheet- Preschool

**Directions:** Say the word in the picture. Circle the number of syllables in that word. **Parent Hint:** Parents should help children with saying the word if the child cannot recognize the picture.

 violin	1    2    3    4
 telephone	1    2    3    4
 chair	1    2    3    4
 lamp	1    2    3    4
 Computer	1    2    3    4

**Kinesthetic Learning:** Prior to working on this sheet, it may be helpful to model for children how to hear the sounds by saying the words, then clapping or jumping the syllables. Children may try to break apart 1-syllable words. Provide correction if this occurs.
